

Triangles = Stars = Kaleidoscopes

One or Two Days/ Process Oriented
Confident Beginner-Advanced

Tweak you brain to think with a new perspective about making patterns. Rita guides you through her tubular strip-piecing process for making right triangles any size. Build your stash of triangles in the morning then work with different angles and wedges to make a variety of stars and kaleidoscopes from them in the afternoon. Combine kaleidoscopes and wedges in unusual ways to make a variety of patterns.
